Co-Active Executive Career Coaching, Workshops, and Speaking Services

Dear Student Representative,

My name is Lance T. Walker, and I'd like to introduce myself to you as a possible resource.

I specialize in Career Coaching, workshops, and speaking services for students, military members, and people changing careers. As a US Air Force veteran with over 20 years of "re-civilianizing" experience behind me, I've become somewhat of an expert in the new science of career planning.

My background includes business consulting, web design and development, computer network support, and e-commerce marketing strategies. I believe strongly in every American's right to self-determination, and I work very hard to help facilitate that process for each of my listeners and clients.

I have recently begun presenting a workshop for the Department of Defense Transition Assistance Program at MacDill Air Force Base, in conjunction with the Tampa Bay Workforce Alliance. In my capacity as Resume and Interview Strategy specialist, I am able to directly assist retiring and separating service members with the changeover back to civilian life.

However, I am also greatly interested in reaching high school and college students who face similar challenges while trying to build a solid future in a changing world. I would be grateful for your assistance in speaking with these young adults.

I bring not only a strong, positive message of hope to my audiences, but also a concrete set of strategies and tools that can be utilized immediately by anyone who is serious about improving their current educational options or career path.

In fact, my topic is entitled "Why the Rabbit Sleeps; Choosing a Career Path that Works".

I invite you to visit my web site, www.lancetwalker.com and see for yourself the unique and powerful perspective presented there. My promotional package is also available there for your use, in the "Event Planner" section.

Thank you for your time, and I look forward to partnering with you to bring hope to so many who presently labor in confusion and even fear at present. My email address, fax, and phone number are listed below; please contact me at your convenience to arrange a meeting or to book a speaking date.

Regards,

Lance T. Walker
